District Administrator's Report:

Student Council Representative - Kyle Kons relayed several questions/comments he heard from students. Students disliked the spring online learning so they are glad to be able to go back in class. He questioned whether block scheduling is an option. Mr. Wolfram noted several challenges with block scheduling such as maintaining student engagement for 90 minute classes, staff shortage/budget issues with block scheduling, and the challenge of revamping graduating credits and laude points. They talked about eating lunch in classrooms and how students would be able to virtually visit their friends during this time when they are in separate cohorts. Face coverings - a mask mandate is mandatory for all inside purposes through the state. If gym class can be outside and maintain a 6 foot distance, they could remove their masks. Dr. Oppor meets weekly with the county school superintendents and the Waupaca County Dept of Health Services. At this time, they would need a sharp decline in active cases in the county that would dictate going back to "normal". The state is looking at a algorithm from restrictive to less restrictive types of protocols. There continues to be many unanswered questions on what those recommendations will be. Legislative Update - Expecting an update from the State Department of Health & Human Services. DPI polling schools about reopening plans. WCDH - Manawa has the 3rd largest amount of active cases within the county. New London has the most active cases, followed by Waupaca and Clintonville is 4th. The WIAA came out with new information regarding fall sports. Monthly Enrollment Update - There continues to be a lot of registrations everyday. Curriculum Director Highlights - Nothing to report. 2020 WASB Online Regional Meeting - October 22, 2020 and 2021 State Education Convention dates are Jan. 20-22, 2021.

Re: Update

Elementary School

- It was good to have students back in the building. They are rolling with the changes and have an age appropriate understanding of the reasoning behind them.
- Picnic with the Principal - Right before the pandemic hit in March a group of then kindergarteners “spent” their behavior tickets to have lunch with me. We didn’t get the chance to do it before we were shut down but this week I got to have lunch with all of them. The weather was perfect for picnics so we sat outside and the students could tell me what they did over the summer and how 1st grade was. It was truly the highlight of the week. I had so much fun!
- The 18th was picture day. The morning flew by. I was amazed at the positive behavior the students displayed. The individuals from Network Photography commented on how well the morning went.
- The staff has instituted a new positive behavior P.A.W.S. program this year. P.A.W.S. stands for Praising Amazing Wolf-wise Students. Every afternoon I announce the names and identify the positive behavior each student displayed over the PA system. Ms. U also delivers pencils that have positive messages on them to each student. The sheets are displayed in the window outside Ms. U’s office.

Special Education

- We have started holding transfer IEP meetings for our new students. We have had quite a few students already this year. Staff has been getting to know the students and making sure we are able to provide the services that are written in the current IEP.

Re: Staff and Program Highlights – September 2020

Back to School:

Ready or not...Here we come! Staff and students were energized and exhilarated as they entered the new Manawa Middle School and Little Wolf High School for the very first time in over 6 months. With the assistance of the staff, students quickly found their way to their first hour classes, and fire drills were conducted for both sets of HS Cohorts on consecutive days.

Kudos to ALL staff who assisted in readying the building for occupancy. Staff was present for numerous hours before opening day moving, cleaning, and preparing their rooms for instruction. Special thanks to District Custodial staff, Dana Bonikowski, Tori Gast, Mike Thomack, Jeff Bortle, Jake Kazorowski, Austin Rohan, and Brad Johnson, for their backbreaking efforts to move the weight room, and many heavy items as they were relocated within the building or out to the dumpster. The opening of the school would not have happened as smoothly if it were not for the collaborative efforts of the ENTIRE staff.

Instead of an all-school assembly staff prepared a flip grip to introduce themselves to the students. Students and staff have quickly adapted to mask-wearing, social distancing, and adapting to cleaning protocols. Lunch service and dismissal of school have gone smoothly as HS and MS students have demonstrated outstanding cooperation and positive attitudes.

Since the initial school opening, final tweaking on systems has been ongoing and constant. This includes work on HVAC, door and fob systems, intercoms, cameras, and wi-fi connectivity within the building. Staff and students have demonstrated extreme patience as work on these systems continues. All indicators point to the fact that everyone is happy to be back in school!

Athletics Updates: AD Millard has utilized the services of Sandra Cordes' Leadership class to assist with the creation and assigning of tickets for the first volleyball event on Thursday, September 17th. Students were allowed to attend the event with the priority given to senior students.

Homecoming: After many discussions, the student council, in collaboration with Advisor Mary Eck and Principal Wolfgram has decided to move Homecoming to the week of October 5th-9th. The additional time will allow for staff and students to adequately prepare and offer a variety of options for the students to participate in. Surveys will be sent to the students with a variety of potential options for activities to help provide direction for the festivities. The Friday night football game will be against Amherst.

Re: Business Office Monthly Update

The annual financial audit of the 2019-20 school year took place this past month. Most of the work was done remotely. Brian Anderson from WIPFLI did come to the office on August 24, 2020 to wrap up some of the loose ends. The audit with WIPFLI went very well and I am more than pleased with this new company. They were easy to work with and offered suggestions for improving my work. I am happy to report that there were only 10 journal entries that needed to be made. My goal is to have 5 or fewer next year!

The start of the school year is always a bit hectic. Mrs. Prey and I worked hard to ensure the first payroll for 9-month staff went well. We had a couple of glitches but have since worked them out.

I moved my oldest child into college this past month. It has been strange to adjust to her absence. Luckily work is busy, and I still have another child at home to occupy me!

Our main custodial supply company notified me that they had a few electrostatic sprayers in stock and available. I ordered one for each building using CARES funds. These machines will allow our custodial staff to quickly disinfect a room by misting a chemical onto all surfaces. This will also be able to be used in the fitness center to disinfect the machines. I have spent many hours working on ordering the chemicals and supplies needed to keep our staff and students safe and healthy while keeping a mindful eye on the budget.

The SDM has filed and received a waiver from DPI allowing us to serve meals (breakfast and lunch) to all children (18 years old and younger) living or attending school within the district free of charge under the Summer Seamless Option. This is a federally funded program that was offered unexpectedly and could end abruptly depending on availability of those funds. Mrs. Suehs and I worked to get an online order form so that students and families can order food for days they are not attending in person. This program also allows parents to pick up meals, free of charge) for any child even if they do not attend school.

August Transportation Report

Prepared For: School District of Manawa

To Whom it May Concern,

As we start the school year, we are down two drivers, both for medical reasons that are not COVID related. They hope to be back soon, though! Currently, our drivers consist of; Zach Kriesel, Kim Beyer, Sue Suehs, Ruth Boerst, Alicia Stiebs, Eugene Redmann, Randy Steingraber, Cynda Spatz, and Jim Quinn. Substitute drivers are Pat O'Brien, Adam Iverson, John Popke, and Dennis Hoffmann.

We are happy to say we have a full-time mechanic, Matthew Ludwig. He comes from Oshkosh, where he worked at the Oshkosh Kobussen location for two years prior and attended Fox Valley Technical College's diesel mechanic program.

Carmen and I worked together and developed the transportation plan for how the bus ride will look. Masks are required on the bus under Governor Evers' mask mandate. The drivers worked to call all the parents on their route this year to see who will and will not be riding the bus. They used that information to accurately put together seating charts for their bus.

We have worked very closely with the school Secretaries to ensure we have all the student's bus registration forms in to get the students on a route to get to school.

We are glad to be back behind the wheel! Happy first week of school!

If you have any questions, just let me know: (920) 389-1500 or Jacob.elsner@kobussen.com

Thank you,

Technology Board Report

Wireless Network Issues

We have experienced significant wireless network issues in the district last week. The environment is presently stable. However, we are working with CESA 6 engineers to work through other issues.

Chromebook Devices

We are still pending the delivery of our chrome devices for this fall. Delays in shipments are attributed to COVID manufacturing delays and trade disputes holding up overseas shipments. At this point we do not have an estimated delivery date. Our vendor is in communication with the manufacturer and will update us when more information is available.

Kajeet Hotspot Program Expansion

The SDM Kajeet hotspot program has been expanded to help support students as they learn from home. The program has about fifty wireless hotspots for students. Some families are unable to use the hotspots in their areas if wireless cellular coverage is not sufficient to create a stable connection.

Covid-19 District Flexibility Application

Background and Guidance

Responding to COVID-19 is a tremendous undertaking for schools. Schools are tasked with reenvisioning educational delivery models in a span of weeks and to adjust practices accordingly. As we look toward the 2020-21 school year, the safety and health of our students, educators, and families remains of the highest importance. As schools plan for students to return, districts will need to continually seek new ways to best serve all students, improve student learning, and increase opportunities for the children they serve through a variety of options.

As responses to COVID-19 vary from district to district there may be some cases where school districts require more flexibility than state rules or regulations permit. To address this need, State Superintendent Carolyn Stanford Taylor is providing school districts with a streamlined option to explore locally-driven solutions that will improve outcomes for Wisconsin students. Under current state law, Wisconsin school boards may apply to the DPI for an exemption to most state laws or administrative rules affecting school districts, with certain important exceptions. While school boards have requested waivers in the past, the scope and scale of those waivers has generally been narrow and focused on one statute or standard, as opposed to a more comprehensive approach.

The COVID-19 District Flexibility application provides districts the ability to apply for regulatory flexibility needed to implement plans for restarting and delivering education in the midst of the pandemic. Districts can apply for flexibility on behalf of one, more than one, or all schools within their jurisdictional boundaries. All applicants will need to detail how their proposal aligns to their district's strategic response to COVID-19 to enhance educational opportunities for students.

Understanding Flexibility Versus a Need for a Waiver

The COVID-19 Pandemic in Wisconsin creates uncertainty and variability in normal operations for public school districts across the state for the 2020-21 school year. Indeed, what is predictable based on current experiences is that the continuity of delivery of typical programming and instruction will be disrupted and necessarily fluctuate with evolving health conditions affecting families, students, and school staff.

Flexibility will be required for all school operations given the inconsistent and variable access to both students and staff in the coming months. Typically, scheduled programs and instructional delivery may be disrupted, both on a day day-to-day basis as well as within any given day. Shifts between virtual, remote, and in-person instructional delivery for individual students, cohorts, or entire schools and districts may occur and determine

the continuity of program implementation. During the current pandemic, it is recognized that school districts have the flexibility when needed to implement changes to how a program is delivered, how much of a program is delivered, and who delivers it. Temporary variations like this to planned school operations do not need a waiver.

While these predictable irregularities serve to disrupt the normal flow of programming implementation or delivery, they do not necessarily require an entire program or service to be discontinued for the 2020-21 school year. A waiver should be pursued only where a district anticipates or has determined it cannot offer a program or service required under the law during the 2020-21 school year. In addition, a waiver will be needed if a district does not anticipate being in compliance with a statutory requirement by virtue of the design of its plan of instruction. There will likely be few of these situations. Where this is the case, the district should complete a request for waiver from a particular statute and explain the circumstances that will require a formal waiver.

Legal Authority

Chapter 118.38 of the Wisconsin State Statutes outlines the legal authority for school boards to request and for DPI to grant waivers from certain state laws and administrative rules.

Under this provision, school boards can request a waiver from DPI of any school board or school district requirement outlined in Chapters 115 to 121 of the State Statutes or in related administrative rules, with the following important exceptions:

1. The health or safety of pupils;
2. Pupil discrimination under s. 118.13;
3. The pupil assessment program under s. 118.30 and the standardized reading test required under s. 121.02 (1) (r);
4. Pupil records under s. 118.125;
5. The collection of data by the department;
6. The uniform financial fund accounting system under ss. 115.28 (13) and 115.30 (1) and audits of school district accounts under s. 120.14;
7. Licensure or certification under s. 115.28 (7) or (7m) other than the licensure of the school district administrator or business manager;
8. The commencement of the school term under s. 118.045; and
9. The requirements established for achievement guarantee contracts under s. 118.43 and for achievement gap reduction contracts under s. 118.44.

The law requires the school board to hold a public hearing (virtually if needed) in the school district on the request and requires the school board to specify in its request for a waiver its reason for requesting the waiver. In its review, DPI must consider at a minimum whether the statute or rule requested for waiver impedes the district's progress in achieving educational goals to best serve all students. Once approved, waivers will be effective for one year, and renewable for additional one year periods.

District Flexibility Application

Applications will be accepted on a rolling basis at any time during the year. The COVID-19 flexibility application includes eight components, identified with additional details below.

- I. **General Information:** Districts should include basic information in this section detailing which schools are affected by the request. Flexibilities could apply to one school, more than one school, or all schools in a district. As a result, this section of the application should note the specific schools included in the waiver request. If all district schools are impacted, the applicant should note that the request applies district-wide.
- II. **Abstract:** As part of this section, the applying district should summarize the overall purpose of the flexibility application, the need for the request and how the request will help the school district provide educational services.
- III. **General Assurances:** This portion of the application is intended to ensure that several steps have occurred. Specifically:
 - Stakeholder engagement has occurred, including a school board hearing and a board resolution or vote approving the flexibility application;
 - The district has conducted a financial review and can assure the plan's fiscal viability;
 - The district's flexibility request is in full compliance with all state and federal laws, including those outlined above regarding waiver requests; and
 - The district has developed a process for reviews of the implemented flexibilities with its local school board, and those reviews will be publicly available.
 - Districts seeking to add additional schools not already included in the original request, or seek waivers of additional statutes or administrative rules, may amend their original applications.
- IV. **Certifications/Signatures:** The application requires the signature of both the district administrator in charge of implementing the plan for flexibilities and the school board president, certifying school board approval.

- V. **Statement of Need:** This section of the application should detail the district's rationale for the requested waiver(s) and how the proposed flexibilities will help the district serve all students.
- VI. **Request for Waiver:** In this section, districts will identify the specific statutes or rules from which they are seeking a waiver. The application provides a checklist of many statutes eligible for waiver under law, though it is important to note that this list is not exhaustive and is also not inclusive of administrative rules. Additional information about statutory requirements can be found in the 2019 *Legislative Fiscal Bureau Informational Paper #29, Statutory Requirements for School Districts*, and general information the laws and regulations eligible for waiver is identified in Section 118.38 of the State Statutes, as described above.
- VII. **Appendix A:** There are additional administrative rule requirements for the hours of instruction waiver request. The Department of Public Instruction (DPI) will waive the hour requirement for any school district that requests the DPI to do so in order to provide continuity of learning per **the** school district's COVID-19 educational plan as approved by the school board, and requested in this flexibility application. In order to complete this application please check all of the boxes in Appendix A and provide any requested information.

For best results, it is suggested any PDF form should be downloaded and opened in Acrobat Reader rather than filled out in the browser. Not all PDF features, including the ability to save or use digital signatures, will work as intended when opened in a browser.

V. STATEMENT OF NEED
(Limit response to space provided)

District teachers and educational specialists are adjusting to and refining the new modes of instruction to include synchronous instructional strategies and blended learning options.

The School District of Manawa has historically done local fall baseline assessments on which teachers, educational specialists, and administrators would base school learning objectives or student learning objectives (SLOs). Some of these assessments cannot be completed by students who are currently learning from home. Therefore, there is not consistent baseline data on which to form SLOs.

Additionally, the parent surveys this year are complicated by the fact that parents/students have several modes of instruction from which to choose. Assessing parent/student perceptions of engagement and satisfaction may be difficult to quantify given the personalized approach to instruction and varied modes of instruction.

The SDM would do annual evaluations of administrators and evaluations of initial educators and veteran educators in their summary year of evaluation.

VI. REQUEST FOR WAIVER

Check or list, at the end of this section, each statutory requirement or administrative rule for which the district is seeking a waiver in order to implement the flexibility plan outlined on the previous page. Justification for the waiver requests should be included under Section VI of this application.

A summary of common school district statutory requirements is included below. For a full list of all statutory requirements applicable to school districts, see the Legislative Fiscal Bureau Information Paper #29:

Section 6 – Lockout – Secure the Perimeter

Definition

A preventive lockdown is a means to rapidly enhance the level of security in the facility. By locking all exterior doors and main interior doors, staff can make it more difficult for an intruder in the building or a dangerous person in the vicinity of the facility to gain access to staff and students. This type of lockdown does, however, allow staff and students to continue with productive activities in a limited fashion. ~~No one is permitted to leave the building as this could cause a breach of the perimeter. Per the ALICE protocol, staff and students should closely monitor their surroundings and should take necessary measures to ensure their safety if the situation warrants.~~

Alert Signal

Announcement over the public address system twice, “All staff – Lockout – Secure the Perimeter”
Please remain in your current lockdown area until notified or conditions become unsafe.

6.1 Lead Administrator Response

1. Make an announcement to implement the lockdown.
2. If appropriate, notify district office and public safety officials of the situation requiring a lockdown.
3. **If it is safe for you to do so**, verify that all exterior doors have been secured.
4. **If it is safe for you to do so**, verify that all main interior doors have been secured.
5. Notify the transportation coordinator so that they can stop any inbound buses and/or make preparations to support you in the event you need to implement an **evacuation**.
6. Brief staff as quickly as it is safe to do so. You may do so in several ways depending on your situation. Staff may be notified in person, via intercom, by phone, or by e-mail. You may need to remain in this lockdown condition for several hours. If so, you may wish to modify the lockdown conditions as appropriate.
7. Once the situation is resolved, implement the **Resume Activities** procedures. The lead administrator may wish to inform staff members of the reason the lockdown was issued. This can be done by having administrators go from room to room, using an announcement over the public address system or via e-mail as appropriate to the situation. Staff should be instructed on how they should explain the situation to students. In some cases, the administrator may find it appropriate to send a brief letter home to inform parents of the actions that were taken to protect their children (see appendix of master protocol for sample letters).

6.2 Teacher & Staff Response

1. Using ALICE protocols (Alert, Lockdown, Inform, Counter, Evacuate), assess your surroundings and the situation. Take the necessary steps to protect safety.
- ~~1. If you are located in an area with exterior/interior lockable door(s), gather all students in the vicinity into the room and lock the door(s).~~
- ~~2. If you are not in a location with a lockable door, move students to an area where they can be separated from other parts of the facility by a locked door.~~
- ~~3-2.~~ Take attendance and report any concerns, missing students, suspicious activities, etc. to the lead administrator or his or her designee by telephone or intercom.
- ~~4-3.~~ Continue with normal activities, within your “locked out” area, as much as the situation allows.

- ~~5.4. If students or staff have a need to move about in the building, obtain permission first from the lead administrator or his or her designee. Limit movement around the building to essential ALICE protocols.~~
- ~~6. Be prepared to rapidly implement an Evacuation or Lockdown. Lockdown if directed to do so.~~

6.3 Kitchen Staff Response

1. Continue with normal activities as much as the situation allows. No deliveries will be accepted during this time as this could cause a breach of the perimeter.
2. Be prepared to rapidly implement an **Evacuation** or **Lockdown**. ~~Lockdown if directed to do so.~~

6.4 Custodial Response

1. Make sure all exterior entrance points to the building are locked immediately.
2. Instruct all students and visitors you encounter to move to a location with a lockable door. Provide directions as needed.
3. Once you have secured all exterior doors, report to the lead administrator or his or her designee and assist as needed.
4. Continue with normal activities as much as the situation allows. Periodically check exterior doors to ensure that they remain locked.
- ~~5. If students or staff have a need to move about in the building, obtain permission first from the lead administrator or his or her designee.~~
- ~~6.5. Be prepared to rapidly implement an Evacuate or Lockdown if directed to do so.~~

6.5 Bus Driver Response

- A. If you are unloading students in the morning and have other stops, continue your route, avoiding the immediate area of the affected school(s). If your next stop is a school located in close proximity to the affected school(s), seek guidance from the transportation coordinator. If you are picking up students in the afternoon, drive to a location that is at least one thousand feet from any affected school(s) and park in a safe area. Seek guidance from the transportation coordinator to see if you should wait to make the pickup at the affected school(s) once normal activities have resumed or continue your route.
- B. If you are advised of a lockdown or critical incident by a student, staff member or public safety official and have not been notified by the transportation coordinator, depart from the area and immediately advise the transportation coordinator of the information you have received. If students on your bus would normally disembark, have them remain on the bus until you confirm it is safe to drop them off at the school.

6.6 Transportation Coordinator Response

- ~~1. If notified that a lockdown is in affect or a critical incident is occurring at a school, notify all bus drivers that would normally~~
- ~~1. be dropping off or picking up students at the school and direct them as to what to do next.~~
2. For **Lockdowns** instruct drivers to restrict cell phone transmissions to those that are critical if you think it is appropriate based on the information you have.
3. If it appears that a lockdown may remain in place for an extended time, consult with district lead administrator or his or her designee to determine if drivers who are designated to pick up at the school

should continue their routes and/or if students who are still on the bus should be taken to a secure location until the threat subsides at the affected school(s).

4. Keep drivers updated on the situation as appropriate.
5. Brief the district administrator as appropriate for the situation.

6.7 Lead Staff Member Response (after hours)

1. Make sure the designated entrance points to the building near your location are locked immediately.
2. If the function is in a contained area such as a cafeteria, gymnasium, or library, it may be best to have all exterior doors and all doors to the room where the function is being held secured and to continue the activity. This decision depends on the information about the threat that the lead staff member has at the time. ~~Otherwise:~~
- ~~3. If you are located in an area with a lockable door, gather all staff, visitors and students in the vicinity into the room and lock the door.~~
- ~~4. If you are not in a location with a lockable door, move staff, visitors and students to an area where they can be separated from other parts of the facility by a locked door.~~
- ~~3. Using ALICE protocols (Alert, Lockdown, Inform, Counter, Evacuate), assess your surroundings and the situation. Take the necessary steps to protect safety.~~
- ~~5.4.~~ Verify that all exterior doors have been secured as soon as it is safe for you to do so.
- ~~6.5.~~ Call emergency services and advise them that you have ~~initiated a lockdown~~ a critical incident at the facility ~~and the reason for the lockdown~~. Request that law enforcement officers be dispatched if appropriate to the situation.
- ~~7.6.~~ Notify the **principal and district administrator** and report your situation and request that they notify the Crisis Response Team of the situation.
- ~~8.7.~~ Continue with normal activities to the extent the situation allows.
- ~~9.8.~~ If staff, visitors or students have a need to move about in the building, make a decision whether or not it is safe to do so. Students who are allowed to move about the building should be escorted by an adult.
- ~~10.9.~~ Be prepared to rapidly implement ~~an emergency evacuation or Lockdown~~ ALICE protocols as the situation warrants if directed to do so.
- ~~11.10.~~ Brief staff, visitors and students as quickly as it is safe to do so. You may do so in several ways depending on your situation. Staff may be notified in person, via intercom, by phone, or by e-mail. You may need to remain in this lockout condition for an extended time period. If so, you may wish to modify the lockout conditions as appropriate.
- ~~12.11.~~ Once the situation is resolved, implement the Resume Activities protocol. The lead staff member may wish to inform other staff, visitors, and students of the reason the lockdown was issued. This can be done by public address system or other means.
